St. Paul's Foundation Scholarship Programme Regulations and Data Protection Terms | Selection Process 2021-2022

The St. Paul's Foundation is a not-for-profit organisation that allows gifted children living in Brazil to study at St. Paul's School, São Paulo. The work of the foundation is based on the firm conviction that exceptional young talent in Brazil needs to be recognised and nurtured. The foundation believes that, with access to quality education, such as the education St. Paul's offers, scholars can truly realise their potential. The foundation aims to select scholars to begin their studies at St. Paul's in August 2022.

1. General information

- 1.1 These regulations establish the rules, criteria and stages for the selection process of potential candidates who wish to apply for the St. Paul's Foundation Scholarship Programme. ("Regulations"). This document also presents the foundation's data protection terms.
- 1.2 The selection process consists of five (05) consecutive stages:
 - (a) Application form submission and documentation analysis
 - (b) A visit to St. Paul's school to perform online tests and group activities
 - (c) Individual interviews
 - (d) A one-year preparation period including an English immersion course and interview with family members
 - (e) Final scholars' selection
- 1.3 The stages b, c and d may happen presentially, under strict respect to sanitary protocols to help keeping all candidates and St. Paul's Foundation staff safe. The referred stages can also happen either online/remotely, if the the St. Paul's Foundation team evaluate this as the safest condition for everyone. Dates previously announced are also subject to further changes for the same reason, and the St. Paul's Foundation staff must decide and communicate this accordingly to candidates.
- 1.4 It is the candidate's responsibility to attend each of the selection steps listed above on the dates previously communicated by the foundation.
